We work every day for a modern, customer-focused national passenger train network that provides a travel choice Americans want. Our vision is for an expanded national network of frequent, fast and reliable passenger trains, providing top-notch customer service. We see enhanced connectivity between all forms of public transportation into a seamless travel option for the public.

WHAT WE DO

We educate the American public and our decision-makers on the importance of mobility, advocate and defend the passenger train network on the Federal and local level, and rally grassroots movements to support our cause.
